** SPECIALTY PRODUCTS **

** MB | MARBLIZER **

Marblizer Artistic Bases offer you an exciting marble-like effect. A wide range of effects can be achieved using this unique coating such as deep marble, snakeskin, or wood grain. Use two colors for increased depth or apply Kandy Koncentrates (KK) for desired effects. This product is for use in US National rule areas only.

** PRODUCT INFO **
- **MIX RATIO:** READY TO SPRAY
- **SIZE AVAILABLE:** Quart
- **FLASH TIME:** 15 min between coats.
- **PRODUCT INFO**
  - Mix 2 parts MB00 Neutral Marblizer and 1 part MB01 Silver White Marblizer.
  - Mix ratios may vary.

** MB MARBLIZER OPTIONS **
- KK00 SHELL WHITE MARBLIZER

** TIPS AND TRICKS **
- **Marblizer bases may be Kandied with either:**
  - UK Kandy or Kandy Basecoat.
  - Create a custom Marblizer effect by adding any dry pearl or flake. Mix one ounce of effect per quart of MB00 Neutral Marblizer and spray.
- **Other materials may be used to achieve various effects, such as freezer wrap, bubble pack, sponge, tin foil, newspaper, plastic car covers, plastic garbage bags, etc.**
- For additional depth, try another Marblizer color over the first.
- **1-2 medium coats of C2C-SG100 must be applied over marblizer after 30 minutes of dry time, to prevent delamination of top coats.**
- **Marblizer must be topcoat with C2C-SG100 / C2C-SG150 prior to topcoat.**

** NE | NEON **

Neons are designed for high visual impact for racecars, boats, cycles, etc., where colorfastness is not the priority. These colors have limited colorfastness in the sun and will fade with prolonged sun exposure. Neons are not recommended for overall jobs where a long color life is a requirement. This product is for use in US National rule areas only.

** PRODUCT INFO **
- **MIX RATIO:** 1:2
- **FLASH TIME:** 30 min at 70°F (21°C)
- **PRODUCT INFO**
  - Note: Shop conditions can vary flash time.

** KLG | KOSMOS LONG LGO **

The Kosmos Long Lgo has demonstrated better light-fastness when applied over a white base. We recommend using Kosmos Long Lgo with discretion—even though the color may change with time and exposure, the glow-in-the-dark feature remains for a long time. This product appears milky white during daylight and only shows the glo color at night.

** PRODUCT INFO **
- **SIZES AVAILABLE:** 4 Ounces

** KOSMOS LONG LGO OPTIONS **
- KLG100 GREEN
- KLG101 BLUE

** FI | FLAKES **

Various types of flakes are used in the Kustom industry. They are available in different sizes and can be mixed with basecoats, clearcoats, and other materials to create unique effects.
